

Christianne L. Roumie, M.D., M.P.H.

| | |
|-----------------|--|
| Office Address: | Nashville VA Medical Center 1310 24 th Ave South, GRECC Nashville, T.N. 37212 |
| Office Phone: | (615) 873-8013 |
| Date of Birth: | (b) (6) |
| Place of Birth: | |
| Email: | Christianne.Roumie@vanderbilt.edu |

EDUCATION AND TRAINING

| | |
|---|----------------------------|
| Douglass College, Rutgers University New Brunswick, New Jersey Bachelors of Arts, Biological Sciences, with honors Minor, Psychology | August, 1990- May, 1994 |
| University of Medicine and Dentistry, New Jersey Medical School Newark, New Jersey Doctor of Medicine, <i>Alpha Omega Alpha</i> | August, 1994- May, 1998 |
| Vanderbilt University Nashville, Tennessee Masters Public Health Thesis: <i>Antibiotic Prescribing Patterns in Outpatient Settings</i> | September, 2002- May, 2005 |
| Internal Medicine and Pediatrics residency training Vanderbilt University Medical Center Nashville, Tennessee | June, 1998- June, 2002 |
| VA National Quality Scholars Program Nashville, Tennessee | July, 2002- June, 2004 |

LICENSURE AND CERTIFICATIONS

| | |
|--|----------------------------|
| Diplomate, National Board Medical Examiners | May, 1999 |
| Tennessee Medical License- # | July, 2000 |
| Diplomate, American Board of Internal Medicine | 2002 through 2012 |
| Recertification | 2012 through 2022 |
| Diplomate, American Board of Pediatrics | 2002 through 2012 |
| Recertification | 2012 through 2022 |
| Drug Enforcement Agency-# | April, 2001 |
| ACLS Instructor | June, 2002- November, 2006 |
| PALS/ NALS | June, 2002 |

ACADEMIC and HOSPITAL APPOINTMENTS

| | |
|---|---------------------------|
| Nashville VA Medical Center Staff Physician Internal Medicine | 2002- present |
| Vanderbilt University Medical Center, Clinical Instructor Internal Medicine/Pediatrics | 2002- June, 2005 |
| Vanderbilt University Medical Center, Assistant Professor Internal Medicine/Pediatrics | July, 2005- February 2014 |
| Vanderbilt University Medical Center, Associate Professor Internal Medicine/Pediatrics | February, 2014- present |

EMPLOYMENT

| | |
|--|--------------------------|
| Research Assistant Data Manager, Bone Marrow Transplant Hackensack University Medical Center Hackensack, New Jersey | 1992- 1994 |
| Research Assistant, Women's Health Initiative U.M.D.N.J - New Jersey Medical School Newark, New Jersey | 1995 |
| Tutor, Department of Academic Development U.M.D.N.J Tutored first year medical students in Biochemistry, Cell and Tissue Biology and Physiology. | Fall, 1995- Spring, 1998 |

HONORS & SCHOLARSHIPS

| | |
|---|------------------|
| Deans Letter of Commendation, UM.D.NJ | 1994; 1996 |
| U.M.D.N.J. Alumni Association Scholarship | 1995; 1997 |
| U.M.D.N.J. Foundation Scholarship | 1995, 1996, 1997 |
| AMWA Membership Achievement Citation | 1998 |
| Sigma Xi Scientific Research Society | 1998 |
| Alpha Omega Alpha Medical Honor Society | 1998- present |

PROFESSIONAL ORGANIZATIONS

| | |
|--------------------------------------|---------------|
| American Medical Women's Association | 1994-1998 |
| American Medical Association | 1994-2002 |
| American Academy of Pediatrics | 1994-2002 |
| Society of General Internal Medicine | 2003- present |

| | |
|---|-----------------------|
| American College Physicians | Elected January, 2005 |
| Fellow, American Academy of Pediatrics | Elected April, 2005 |
| Academy for Healthcare Improvement | 2006- present |
| Fellow, American College Physicians | Elected April, 2009 |
| American Heart Association | 2011 |
| International Society of Pharmacoepidemiology | 2013 |

PROFESSIONAL ACTIVITIES

Intramural (Current)

1. Associate Director- Nashville VA Quality Scholars Fellowship Program June, 2007
2. Director, Therapeutics and Pharmacoepidemiology program for veterans' quality of care, TVHS August, 2011

Intramural (Past)

| | |
|--|---------------------------|
| Curriculum Committee, Department of Pediatrics | 1998 – 2002 |
| Chair --Tennessee Valley Healthcare System | |
| Hypertension Performance Improvement Committee | Appointed September, 2006 |
| TVHS- Traveling Research Storyboard- Focus on Hypertension | May, 2007 |
| Course reviewer for First year medical student Intersession course | August, 2010 |
| Vanderbilt Medical School Admissions Interviewer | November, 2007 |

Extramural (Current)

1. Peer Reviewer Abstracts- National Meeting VA- HSR&D 2006- present
2. Peer Review Abstracts/Workshops National Meeting Society of General Internal Medicine 2006- present
3. Member- Stroke QUERI (Risk factor Modification Workgroup) 2007- present
4. Tennessee Men's Health Report Card Scientific Advisory Panel 2010, 2012, 2014
5. Systolic Blood Pressure Intervention Trial Publications and Presentations Subcommittee Appointed 2011
6. Grant reviewer VHA Health Services Research and Development Rapid Response projects 2011- present

7. Center for Scientific Review NIH Health Services Organization and Delivery
(HSOD) study section ad hoc member June, 2012; 2014- 2015
8. American Heart Association International Stroke Conference
Abstract Reviewer 2012-2016
9. Food and Drug Administration (3 year term)
Member Nonprescription Drugs Advisory Committee Appointed July, 2013
10. International Conference of Pharmacoepidemiology
Abstract Reviewer 2014

Extramural (Past)

- VHA Compensation and Pension Collaborative 2003
- VHA Kenneth W Kizer Quality Achievement Grant Reviewer 2003-2004
- Grant reviewer
- Canadian Institute of Health Research 2006
- Small Group Leader
- VHA Geriatric Scholars 2009-2010
- VHA Geriatrics Pharmacy Taskforce
- Medication Appropriateness Workgroup 2010
- Agency for Healthcare Research and Quality Diabetes Multi-Center
Research Consortium – 2 Executive Committee 2011- end October 2012
- Society General Internal Medicine
- Committee Chair for Preventive Medicine section April 2013

APPEARS THIS WAY ON ORIGINAL.

Journals

Section Editor

Journal of Clinical Outcomes Management

2004 – May, 2006

Reviewer

- *New England Journal of Medicine*
- *Journal of the American Medical Association*
- *Archives of Internal Medicine*
- *Journal General Internal Medicine*
- *American Journal Managed Care*
- *Canadian Medical Association Journal*
- *Diabetes Care*
- *Pharmacoepidemiology and Drug Safety* (*Top reviewer 2011)
- *Annals of Internal Medicine* (*Top 10% of reviewers 2006- present)
- *Circulation*
- *Circulation- Cardiovascular Quality and Outcomes*
- *American Journal of Medicine*

TEACHING RESPONSIBILITIES

Current

GME

1. VA Ward Attending, General Medicine- (1 month/ year) 2002- present
2. Clinician – Med/Peds Clinic (½ day/ week) 2002- present
3. Preceptor- Med/Peds Resident Clinic (½ day/ week) 2013- present
4. Internal Medicine Journal Club –Co-Director 2004- present
(Twice a month)
 - Created a curriculum used by the residents in both Internal Medicine and in Pediatrics that reviews basics of study design, common definitions, and statistical methods and provides an outline to frame each article reviewed at Journal Club.
 - We also developed a formal evaluation of the journal club curriculum with a pre test post test to assess the important concepts
 - Learner needs assessment with twice yearly meetings with the journal club committee to determine strategy for teaching larger resident group
5. Orientation to the Nashville Quality Scholars Curriculum 2006- present
 - Plan month long orientation to national fellowship in quality improvement
 - Constructed a formal list of expectations for each fellow
 - Includes the following didactic sessions
 1. Mentorship/Menteeship

- 2. Scientific Productivity
 - 3. Time management
 - 4. Quality improvement process mapping
 - Planned self-reflection “worksheet” for them to track their progress throughout the fellowship
5. Masters of Public Health
- Grants/ Grant writing course --1 lecture each spring
“VA Funding and Career Development Awards” Spring, 2007-present

Past

UME

Small Group Leader Epidemiology and Preventive Medicine 2003- 2010

- ~15 Second Year Students
- 8-10 sessions in Fall semester /each session approximately 2- 3 hrs

GME

Cairo, Egypt

Delivered multiple presentations to resident physicians
in PICU at a children’s teaching hospital. February, 2001

Masaai Mara, Kenya

Education of clinic workers at 6 sites within Kenya Oct., 2001 and Jan., 2003

Clinician/ Preceptor- Emergency Room- VA Hospital 2002- 2005

Clinician/ Preceptor- Vanderbilt Pediatric Emergency Room 2002- 2005

Physical Diagnosis- Vanderbilt Second Year Students 2002- 2007

Pediatrics Journal Club- Director 2008- 2011

(Twice a month)

Preceptor General Medicine Resident Clinic- VA (½ day/ week) 2002- 2013

RESEARCH PROGRAM

Grants (Current)

1. **Effectiveness of Second Line Hypoglycemic Medications Among Veterans**
VA- CSRD IIR I01 CX000570-01 (Merit) October, 2012 – September, 2016
PI: Roumie (20%) **\$626,980**
 Which medication regimen should be used after failure of metformin monotherapy? We will perform a retrospective cohort study of new users of 2nd line therapy for treatment of diabetes to determine whether certain regimens confer an advantage on reaching goal HbA1c, along with the time to development of complications such as low blood sugar and weight gain. We will also examine if there are differences in the development of diabetes-related complications, including acute myocardial infarction, stroke, kidney disease, and cardiovascular death among patients.

2. **Systolic Blood Pressure Intervention Trial (SPRINT)**
 NIH (NHLBI) 2010- 2018 SPRINT VA CCN
PI: William Cushman (Memphis VA) September, 2010 – September, 2018
Site Primary Investigator: Roumie (20%) **TVHS site \$600,000**
 SPRINT plans to compare SBP goals of <120 vs <140 mm Hg in patients 55 years or older, participants will become eligible if they have SBP 130+ and known CVD or other risk factors. The primary composite endpoint will be CVD mortality and non-fatal MI, stroke, and heart failure.

3. **PCORI CDRN** January 2014-June 2015
Role: Co-investigator Coronary heart disease cohort (10%)
Co-investigator Health Services Research Methodology core (5%)
PI: Russell Rothman, MD MPP
 The Southern United States has the highest rates of obesity, diabetes, cardiovascular disease, certain cancers, and other conditions, and significant rates of health disparities. The Mid-South Clinical Data Research Network (CDRN) is centered at Vanderbilt University (VU). This CDRN will encompass three large health systems: (1) the Vanderbilt Health System which currently includes electronic medical records for over 2 million patients, (2) the growing Vanderbilt Healthcare Affiliated Network (VHAN) which currently includes 32 hospitals, hundreds of ambulatory practices, and will cover over 3 million patients in the mid-South, and (3) a partnership with Greenway Medical Technologies and other national organizations to provide access to over 24 million patients across the country.

4. 1C1CMS330979-02-00

07/01/12 – 06/30/15

PI: Dittus

Co-Investigator (4%) 0.48 calendar months

Centers for Medicare & Medicaid Services

\$4,384,317

MyHealthTeam: Regional Team-Based and Closed-Loop Control Innovation Model for Ambulatory Chronic Care Delivery

This large initiative will use innovative, inter-professional health care teams and enhanced information technology to improve chronic disease management and reduce excess health care utilization.

Grants (Completed)

1. **Re-INSPIRE : Rich-context Evaluation of INSPIRE**

SDP #11-190

October, 2011 – September, 2014

PI: Edward J. Miech, EdD

\$946,000

Site Primary Investigator: Christianne L. Roumie (3%)

To qualitatively evaluate the individual sites who participated in INSPIRE and conduct an evaluation of the intervention.

2. **Treatment intensification in type 2 Diabetes Mellitus**

DEcIDE-2 HHSA2902010000161 TO 0002

PI DEcIDE-2: Griffin

October, 2010 – September, 2013

Director of Task Order: Christianne L. Roumie (30%)

\$1,817,328

Patients often have their DM therapies intensified to reach the recommended Hemoglobin A1C (HbA1C) target (<7%). However, few data indicate whether early intensification of treatment benefits patients with cardiovascular disease (CVD) and chronic kidney disease (CKD). We hypothesize that there is a differential effect of intensification among patients. Among patients with no CVD or CKD co-morbidities, early intensification will increase the time to CVD or CKD outcomes or death. Among patients with CVD and/or CKD co-morbidities intensification may have no benefit or even harm.

3. **Blood pressure management in the year after a stroke**

VA- RRP 11-267

April, 2012 – June, 2013

PI: Cheng

\$100,000

Co-PI: Roumie (10%)

To measure treatment intensification and its impact on BP values one year after stroke among a cohort of veterans

4. **INSPIRE Intervention for Stroke Improvement using Redesign Engineering**

SDP 09-158

February, 2010 – February, 2013

PI: Linda S. Williams M.D.

Site Primary Investigator: Christianne L. Roumie (3%)

To evaluate the effect of public reporting on organizational change to improve stroke care quality in VA by conducting a formative developmental evaluation in 14 VAMCs with the largest volume of acute ischemic stroke admissions to understand organizational barriers and facilitators in the delivery of high quality acute stroke care; and evaluating a System Redesign tailored intervention to improve the quality of stroke care at 7 of these VAMCs randomly assigned to the intervention compared to 7 VAMCs randomly assigned to quarterly receipt of quality performance feedback.

5. **Brief Assessment of Health Literacy and Association with Cardiovascular Outcomes**

NIH/NHLBI R21 HL096581

February, 2010 – September, 2012

PI: Sunil Kripalani, M.D. (PI)

Investigator: Christianne L. Roumie (10%)

This proposal will establish the feasibility of incorporating brief health literacy questions into an electronic health record upon hospital admission for use as a research tool, perform a psychometric evaluation of the brief health literacy questions, and examine the independent association of the brief health literacy questions with important clinical outcomes including blood pressure control and heart failure readmissions

6. **Risk of Cardiovascular Disease with Insulin and Oral Hypoglycemic Meds** (VA HSR&D Career development Transition Award)

PI: Christianne L. Roumie (80%)

July, 2009 – June, 2011

Career development Transition award to provide another 2 years of salary support while conducting the research described in the VA Merit award.

7. **HTN- IMPROVE Hypertension Telemedicine Nurse Implementation Project for Veterans RRP 09-196**

August, 2010 – July, 2011

PI: George Jackson

Site Primary Investigator: Christianne L. Roumie (5%)

To study the processes undertaken by three VA Medical Centers as each implements telephone self-management support for hypertensive patients, we will survey members of the primary care staff to examine organizational readiness for change/implement the intervention and the organization of the system for providing hypertension care as related to the Chronic Care Model.

8. **AHRQ 27-EHC Addressing Knowledge Gaps in Type 2 Diabetes Therapeutics: Comparative Effectiveness and Safety of Oral Antidiabetic Drugs**

September, 2008 – September, 2010

PI: Marie R. Griffin, M.D.

\$313,159

Investigator: Christianne L. Roumie (30%)

We will provide information on relative effectiveness and safety of specific oral hypoglycemic medications for initial treatment of diabetes. Outcomes include proximal outcomes of safety and effectiveness: such as weight change, hemoglobin A1C reduction, change in lipid profiles and hypoglycemic admissions. Distal outcomes include time to cardiovascular event and time to renal replacement therapy or the halving of GFR.

9. **Pharmacist Intervention for Low Literacy in Cardiovascular Disease (PILL-CVD) 1R01HL089755-01**

PI: Sunil Kripalani, M.D.

October, 2007 – September, 2010

Investigator- Christianne L. Roumie, M.D. (10%)

\$1,585,399

The objective of this research is to reduce the incidence of serious medication errors during the first 30 days after hospital discharge among patients hospitalized with acute coronary syndromes (ACS) or heart failure (HF) exacerbation. We will conduct a randomized controlled trial of a literacy-sensitive, pharmacist-based intervention in 862 patients discharged from the general medicine service at two academic medical centers: Vanderbilt University and Brigham and Women's Hospital.

10. **Implementation of Targeted Evidence Based Clinical Improvements To Overcome Clinical Inertia**

VA HSR&D Career Development Award (90%) RCD 04-342-2

PI- Christianne L. Roumie, M.D.

July, 2006 – June, 2009

The objective of this research is implementation of quality improvement strategies and prevention of cardiovascular outcomes. She will facilitate collaboration with other cardiovascular and quality improvement researchers to translate findings into sustainable clinical interventions. The research

plan is designed to develop a strong working relationship with colleagues in the implementation and quality improvement sciences.

11. VA HSRD Planning Grant for Improving Implementation of best practices

VISN / HSR Collaborative IMV 04-091-1 \$50,000

PI- Theodore Speroff, PhD

Co- Investigator- Christianne L. Roumie, M.D.

12. VA HSR&D 03-073 Targeted Research Enhancement Program Center for Patient Healthcare Behavior 2005-2008

PI- Theodore Speroff, PhD

Investigator- Christianne L. Roumie, M.D. (10%)

13. VA R&D CRCoE Tennessee Valley VA Clinical Research Center of Excellence

PI- Marie R. Griffin M.D., M.P.H.

Investigator- Christianne L. Roumie, M.D. (90%) October, 2004 – June, 2006

Presentations

International

1. Roumie, CL
Non Aspirin NSAIDs, Cyclo-Oxygenase 2 Inhibitors and the Risk for Stroke
Hamolsky Junior Faculty Award Finalist
Society of General Internal Medicine Annual Meeting, Toronto Canada April 26, 2007
2. Roumie, CL
Comparative effectiveness of oral antidiabetic medications
Invited Platform presentation Pharmacoepidemiology symposium
Queen's University Belfast, Northern Ireland October 23-27, 2011
3. Roumie, CL
Comparative Effectiveness of Insulin versus Combination Insulin and Sulfonylurea on
Cardiovascular Outcomes
Invited oral presentation International Society of Pharmacoepidemiology
"Sweet Spot in Comparative Effectiveness Research"
Montreal Canada August 27, 2013

4.  (b) (4)

National

5. Roumie CL
Cholesterol Screening and Management among different age groups.
Society for Correctional Physicians Annual Meeting
Nashville, TN October 20, 2002

6. Roumie CL
 Responding to new knowledge: The case of hormone replacement therapy
 Quality Scholar Summer Institute V Research Forum, Fairlee, VT August 5, 2003

7. Roumie, CL
 Antibiotic Prescribing has decreased; but Provider differences remain
 Oral Presentation at Society of General Internal Medicine National Meeting
 Chicago, IL May, 2004

8. Roumie, CL
 Patient Involvement Improves Blood Pressure control in Veterans: A randomized controlled trial
 Society General Internal Medicine National Meeting
 Hamolsky Junior Faculty Award Finalist **Plenary Presentation**
 New Orleans, L.A. May 13, 2005

9. Roumie, CL
 Starting (and Finishing) a Fellow's Project in Quality Improvement
 Quality Scholar Summer Institute Research Forum, Fairlee VT August 3, 2005
 (Invited Presentation)

10. Roumie, CL QI in action: Hypertension performance at TVHS
 Quality Scholar Summer Institute Research Forum, Fairlee VT July 31, 2007
 (Invited Presentation)

11. Roumie, CL
 Update on NSAIDs and COX 2 Inhibitors
 Tennessee College of Occupational and Environmental Medicine
 Annual Meeting, Cool Springs TN March 8, 2008
 (Invited Presentation)

12. Roumie, CL
 Improving quality of hypertension care among veterans
 VA- Health Services Research and Development Career Development Conference
 Annual Meeting Baltimore M.D. February 11, 2009
Invited Plenary Presentation

13. Roumie, CL
 Comparative effectiveness of first line oral antidiabetic medications
 Research Work in Progress
 Roudebush VA Health Services Research and Development Center
 Indianapolis, Indiana September 9, 2011
 (Invited presentation)

14. Roumie, CL

Comparative effectiveness of first line oral antidiabetic medications
 Diabetes Multi-Center Research Consortium
 Stakeholders' Meeting Agency for Healthcare Research and Quality
 Rockville Maryland
 (Invited presentation) October 18, 2011

15. Roumie, CL
 Workshop: Applying For a VA Research Career Development Award
 Society of General Internal Medicine Annual Meeting, Orlando Florida May 12, 2012
16. Roumie, CL
 Comparative effectiveness of oral antidiabetic medications
 Vanderbilt University, Department of Medicine Grand Rounds August 30, 2012
17. Roumie, CL
 Comparative effectiveness of oral antidiabetic medications
 Faculty Presentation Diabetes Day, Vanderbilt University November 14, 2012
18. Roumie, CL
 Comparative effectiveness of antidiabetic medications
 Vanderbilt University, Division of Cardiology Grand Rounds
 (Invited presentation) December 19, 2012
19. Roumie, CL
 Cardiovascular outcomes associated with choice of agent for diabetes treatment intensification
 American Diabetes Association
 Poster Walking Tour in Cardiovascular Epidemiology June, 2013
20. Roumie, CL
 Cardiovascular research portfolio: Clinical trial to implementation
 GRECC Research Advisory Council September, 2013
21. Roumie, CL
 Patient Outcomes associated with Metformin Intensification
 Vanderbilt University, Division of Endocrinology Grand Rounds
 (Invited presentation) October 4, 2014

Local

22. Roumie CL
 Aspirin for the primary Prevention of Cardiovascular Disease
 Vanderbilt Internal Medicine Resident Teaching Conference May, 2002
23. Roumie CL
 International Medicine- Helpful Hints
 Vanderbilt University Medical Students Brown Bag Series September, 2002

24. Roumie CL
Cholesterol Screening and Management among different age groups.
Vanderbilt Internal Medicine Resident Teaching Conference
January, 2003

25. Roumie CL
Where the Zebras are common: Experiences in East Africa
Vanderbilt Pediatrics Ambulatory Conference
February 27, 2003

26. Roumie CL
Where the Zebras are common: Experiences in East Africa
Vanderbilt Internal Medicine Ambulatory Conference
February 27, 2003

27. Roumie CL
Where the Zebras are common: Experiences in East Africa
Vanderbilt Infectious Diseases Fellows Conference
June 2, 2003

28. Roumie, CL
Antibiotic Prescribing has decreased; but Provider differences remain
Oral Presentation M.P.H. Seminar Series, Vanderbilt University
March, 2004

29. Roumie, CL
TWISTER Tennessee Women in Science, Technology, Engineering and Research Conference
The Profession of Medicine
Nashville, T.N.
February 7, 2007

30. Roumie, CL
TWISTER Tennessee Women in Science, Technology, Engineering and Research Conference
The Profession of Medicine
Nashville, T.N.
February 7, 2010

31. Roumie, CL
Comparative effectiveness of first line oral antidiabetic medications
Vanderbilt Department of Medicine Research Council
Nashville, TN
March 4, 2011

32. Roumie, CL
Management of Hypertension
Resident Outpatient Internal Medicine Curriculum
Nashville, T.N.
October 12, 2011

33. Roumie, CL
Comparative effectiveness of first line oral antidiabetic medications
Division of General Internal Medicine and Public Health
Nashville, T.N.
January 4, 2012

34. Roumie, CL
Comparative effectiveness of first line oral antidiabetic medications
Section of Internal Medicine and Pediatrics Research Conference
Nashville, T.N. January 12, 2012
35. Roumie, CL
Management of Hypertension
Resident Outpatient Internal Medicine Curriculum February 14, 2012
36. Roumie, CL
TWISTER Tennessee Women in Science, Technology, Engineering and Research Conference
From Africa to Nashville: The Profession of Medicine
Nashville, T.N. February 9, 2013

POSTERS/ ABSTRACTS

1. Roumie, CL; Grogan EL, Awad JA, Dittus R, Elasy TA.
Creating a paradigm for responding to new clinical Knowledge: the case of HRT.
The Quality Scholar Summer Institute
Fairlee, V.T. August 4-8, 2002
2. Roumie, CL; Grogan EL, Falbe W, Speroff T, Dittus R, Elasy TA.
A paradigm for responding to new knowledge: The case of hormone replacement therapy.
Vanderbilt University Medical Center 21st Annual Research Forum
Nashville, T.N. April 23, 2003
3. Roumie, CL; Grogan EL, Falbe W, Speroff T, Dittus R, Elasy TA.
A paradigm for responding to new knowledge: The case of HRT.
Society of General Internal Medicine 26th Annual Meeting,
Vancouver British Columbia, Canada May 1-3, 2003.
4. Roumie CL, Grogan EL, Falbe W, Speroff T, Dittus R, Elasy TA.
Responding to new knowledge: The case of HRT.
Improving Health Outcomes in Older Adults Conference,
VA GRECC
Vanderbilt University, Nashville T.N. November, 7 2003
5. Grogan, EL, Holzman, M; Deppen, S, Roumie, CL, Elasy, TA, Dittus,RS
Improving Documentation of Patient Acuity Level using a Progress Note Templates
Institute for HealthCare Improvement Annual Forum
New Orleans, L.A. December 2-5, 2003
6. Roumie, CL; Natasha Halasa,; Kathryn Edwards
Antibiotic Prescribing has decreased; but Provider differences remain
Vanderbilt University Medical Center 22nd Annual Research Forum
Nashville, T.N. May 5, 2004

7. Roumie, CL; Tom A. Elasy; Kenneth Wallston
Clinical Inertia: A common barrier to changing provider prescribing behavior
Institute for HealthCare Improvement Annual Forum; Scientific Symposium
Orlando, F.L. December 15, 2004

8. Roumie, CL; Tom A. Elasy; Kenneth Wallston et al.
Clinical Inertia: A common barrier to changing provider prescribing behavior
VA Health Services Research Annual Meeting; Scientific Symposium
Baltimore, M.D. February 16, 2005

9. Schuberth, J.L; CL Roumie; Butler, M.D., M.P.H., et al. Changes in Residency Work Hours:
The impact of Short Call team on length of stay and quality of care for decompensated heart
failure
Society of General Internal Medicine Annual Meeting
Los Angeles, C.A. April, 2006

10. Huang, RL: T. Speroff; RS. Dittus; TA. Elasy; CL. Roumie
Multifactorial Intervention to Improve Hypertension Performance
Institute for HealthCare Improvement Annual Forum; Scientific Symposium
Orlando, F.L. December, 2006

11. Huang, RL: T. Speroff; RS. Dittus; TA. Elasy; CL. Roumie
Multifactorial Intervention to Improve Hypertension Performance
VA Health Services Research Annual Meeting; Scientific Symposium
Arlington, Virginia February 22, 2007

12. Roumie, CL; R. Greevy; M. Maney; T. Findley.
Prevalence of inadequate hypertension control among veterans after a major cardiovascular
event
VA Health Services Research Annual Meeting; Scientific Symposium
Arlington, Virginia February 22, 2007

13. Huang R.L, Huizinga MM, Roumie CL; Elasy T.A.; Dittus R.S.; Disalvo T. et al.
Using Statistical process control to drive improvement in door to balloon time
Society of General Internal Medicine Annual Meeting April 27, 2007
Toronto, Canada

14. Huizinga MM, Roumie CL, Elasy TA et al.
Patterns and Persistence of Incident Diabetes Prescriptions
Society of General Internal Medicine Annual Meeting April 27, 2007
Toronto, Canada

15. Roumie, CL; R. Greevy; M. Maney; T. Findley.
Prevalence of inadequate hypertension control among veterans after a major cardiovascular
event
Society of General Internal Medicine Annual Meeting April 27, 2007
Toronto, Canada

16. Munson GW, Wallston KA, Dittus RS, Speroff T, Roumie CL
Activation and adaptability: Correlations with healthcare outcomes among veterans with
inflammatory bowel disease (IBD)
VA Career Development Conference

- Baltimore, M.D. February, 2008
17. Roumie, CL; R. Greevy; TA Elasy; et al.
Veteran Self reports of activation and patient centered care predicts medication adherence among veterans with hypertension
VA Career Development Conference
Baltimore, M.D. February, 2008
 18. Choma NN, Roumie, CL; Kaltenbach L, Mitchel EF, Arbogast PG, Griffin MR
Non Aspirin NSAIDs, Cyclo-Oxygenase 2 Inhibitors and the Risk for cardiovascular events—stroke, acute myocardial infarction, and sudden cardiac death
Society of General Internal Medicine
Pittsburg, P.A. April, 2008
 19. Roumie, CL; R. Greevy; TA Elasy; et al.
Veteran Self reports of activation and patient centered care predicts medication adherence among veterans with hypertension
Society of General Internal Medicine
Pittsburg, P.A. April, 2008
 20. Choma, NN; Huang, RL; Dittus, RS; Roumie, CL
Local Quality Improvement Initiative Improves Hypertension Care among Veterans
American Heart Association, Quality and Outcomes
Baltimore, M.D. May, 2008
